

Boundaries Scotland Paper 002

2020-21 Annual Report

1. Each year, the Commission produces an Annual Report. A draft for 2020-21 appears at Appendix A.
2. The budget for 2020-21 shown in the Expenditure section of the report matches that in the 2020-23 Corporate Plan. The 2020-23 Corporate Plan was published in August 2020, with an annotation stating that: “The Corporate Plan shows expenditure and planning as of February 2020. The Commission agreed with its sponsor department in the Scottish Government at that time that it would not spend more than £387,000. Following the impact of the coronavirus on its plans, the Commission agreed that it would not spend more than £337,000 in 2020-21”.
3. The Commission is invited to comment on the draft Annual Report and agree that it should be sent, incorporating any amendments, to the sponsor division in Scottish Government for comment, before being published on the Commission’s website.
